

# PERFECTION ISN'T ATTAINABLE, BUT WE'RE ALMOST THERE

Why choose **BENERI**<sup>®</sup>  
original **KNURLED WASHERS**?

## **EASY AND EFFICIENT ASSEMBLY**

thanks to optimal centering of internal  
and external diameters

## **EXCELLENT RESISTANCE TO CLAMPING**

obtained through a special conical profile  
and knurling on both bearing surfaces

## **ALWAYS-IN-STOCK**

**BENERI**<sup>®</sup> original knurled washers  
are available in **SPRING STEEL** with  
Phosphate finish or Mechanical Zinc plating (which however may  
reduce the tightening torque) and **STAINLESS STEEL AISI304/A2**

Please contact **BENERI SALES** team

We will be glad to suggest you the best finish according to your application.
